

APICS Certificate in Production and Inventory Management (CPIM)

TA_BPIMG_Q

1 year

Who is this course for?

The programme covers the latest concepts and techniques in the field of supply chain and operations management. It is aimed at those who work, or plan to work, in the areas of materials management, logistics or supply chain management.

Career Opportunities

APICS certification has become recognised around the world as a standard of professional competence in supply chain and operations management. This qualification is a must for those working in managerial roles within supply chain/distribution or planning.

Entry Requirements

Candidates should have a Leaving Certificate with five subjects including English and Mathematics or an equivalent qualification. Mature students may be exempted from this requirement if their career development to date demonstrates the ability and motivation to succeed on the programme. All applicants must have competence in spoken and written English.

Course Timetable

The course runs 2 evenings a week over 2 semesters

Course Summary & Information

CPIM 1 runs from September to December and the modules in CPIM 2 are run concurrently from February to May.

CPIM Part 1

Module 1 Basics of Supply Chain Management

CPIM Part 2 Modules

Module 1 Strategic Management of Resources

Module 2 Master Planning of Resources

Module 3 Detailed Scheduling and Planning

Module 4 Execution and Control of Operations
