

## BACHELOR OF SCIENCE IN THE MANAGEMENT OF INNOVATION AND TECHNOLOGY TA\_BTECH \_D

(NFQ LEVEL 7)

1 years part time with 60 credits per year

### Who is this course for?

This one-year programme provides a wide range of career and professional development opportunities for persons employed (or formerly employed) in lower/middle management positions in industry. The programme seeks to upskill and to improve the career and employment opportunities of participants by developing their business management skills in the key areas of: quality management, operations management, project management, logistics, services management, data analytics, digital marketing and innovation. The skills promoted are relevant for all sectors of industry, including the ICT, Food Manufacturing, Logistics and Distribution, Retail and Wholesale sectors, as well as internationally-trading business sectors such as Pharmaceuticals, Health and Medical Devices.

Participants typically come from a cross-section of business, including transport logistics, ICT, healthcare, the food and drinks industries, pharmaceuticals, security, services and construction-related sectors.

### Entry Requirements

Level 6 Higher Certificate in Business/Engineering/Science/Computing or an equivalent level qualification/work experience.

### Course Timetable

The course runs 3 evenings a week (6-10pm) over 2 semesters per year

### Who can apply?

This course is open to all eligible students

### Career Opportunities

The course provides a great opportunity for those wishing to up-skill and for those seeking employment, perhaps in a different role.
