

<b>Module Title:</b>	<b>PROJECT</b>														
<b>Academic year:</b>	2009 – 2010														
<b>Credit Value:</b>	6														
<b>Pre- requisites:</b>	All Information Systems modules														
<b>Assessment:</b>	100% CA														
<b>Aims</b>	<ul style="list-style-type: none"> <li>• To provide the learner with the skills necessary to undertake the design, development, implementation and testing of a complete system from conception to execution</li> <li>• To enable the learner to contribute successfully to a team effort and develop collaborative skills</li> <li>• To develop self-analysis and evaluation skills</li> <li>• To develop presentation skills</li> </ul>														
<b>Module Content</b>	<table border="0"> <thead> <tr> <th><b>Phase</b></th> <th><b>Deliverable</b></th> </tr> </thead> <tbody> <tr> <td>1 Work Plan</td> <td>Project Plan</td> </tr> <tr> <td>2 System Analysis</td> <td>User Requirements Specification</td> </tr> <tr> <td>3 System Design</td> <td>Technical Design Specification</td> </tr> <tr> <td>4 System Development</td> <td>Software solution to meet specification</td> </tr> <tr> <td>5 System Testing</td> <td>Test Specification and tested system</td> </tr> <tr> <td>6 Project Presentation</td> <td>Verbal presentation of project</td> </tr> </tbody> </table>	<b>Phase</b>	<b>Deliverable</b>	1 Work Plan	Project Plan	2 System Analysis	User Requirements Specification	3 System Design	Technical Design Specification	4 System Development	Software solution to meet specification	5 System Testing	Test Specification and tested system	6 Project Presentation	Verbal presentation of project
<b>Phase</b>	<b>Deliverable</b>														
1 Work Plan	Project Plan														
2 System Analysis	User Requirements Specification														
3 System Design	Technical Design Specification														
4 System Development	Software solution to meet specification														
5 System Testing	Test Specification and tested system														
6 Project Presentation	Verbal presentation of project														
<b>Intended Learning Outcomes:</b>	<p>Having successfully completed this subject, the student will be able to</p> <ul style="list-style-type: none"> <li>• demonstrate both knowledge and application of the skills developed throughout the course to analyse, design, develop and test a business information system</li> <li>• use project management and time management skills to complete the project within the time-frame</li> <li>• display and develop teamwork skills</li> <li>• select and use the most appropriate techniques and tools for the project</li> </ul>
